In some instances, students will be expected to complete an extended or additional study abroad sequence to improve language proficiency in preparation for certification exams.

Teacher candidates in World Languages are required to pass the American Council on the Teaching of Foreign Languages Writing Proficiency Test and Oral Proficiency Interview before they can be recommended for state certification. The State of Connecticut has set the ACTFL WPT and OPI passing score at the Advanced Low level or higher. The Neag School will make every effort to ensure that candidates reach the Advanced Low level. If a candidate does not score at this level, candidates will be required to participate in remediation activities that may include communicating with native and nonnative target language speakers, additional study abroad, proficiency-based courses, and collaborating with instructors specifically on proficiency goals, and participation in target language club activities in the department of Literatures, Cultures and Languages. Candidates will be required to retake the WPT/OPI following the completion of their remediation plans.
